No : LB100.905.155
Attachment : 1
Regarding : Evaluation result of transgenic plant
Date : 17 May 1999

To
Head of Agency for Plantation Research and Development
In Jakarta

Based on the letter from the Director of PT Monagro Kimia dated 1 August 1998 on the application for assessment of biotechnology product derived from genetic engineering

1. Transgenic Soybean Roundup Ready variety:
 - a. Cristalina RR
 - b. Jatoba RR

2. Transgenic Corn Roundup Ready variety
 - a. RR 1
 - b. Rr 2

3. Transgenic Corn Bt variety
 - a. Bt MON 810-1
 - b. Bt MON 810-2

Assessment has been conducted regarding completeness of application from PT Monagro Kimia including

- a. Legality of entity
- b. Tax number
- c. Data and documentation to fulfil the requirement stated in the questionnaire and based on the report of the Biosafety Technical Team No 04/KKH.A/09/98 and No 10/KKH.A/09/98 (attached), and according to article 39 section (2) a. Minister of Agriculture No 856/Kpts/HK.330/9/1997 on Biosafety of Biotechnology Products derived from Genetic Engineering, National Bioafety committee concluded that based on the availability of data to date the varieties mentioned above are safe for the environment and biodiversity.

The assessment was limited to the environment and biosafety aspect and not included the food safety aspect and variety release. To further utilize the above mentioned varieties, you need to follow other procedures according to applicable legal requirements.

Thank you for your attention.

Head of Agency/ National Biosafety Committee

Dr Joko Budianto
